Summary

● As a game designer, cinematic director, and researcher, I have had the opportunity to participate in three different game studios, establish my own indie studio, and work on numerous small projects. Currently, I am a research assistant at Yaşar University, where I specialize in game studies, blending academic research with practical design expertise. If you would like to learn more about me, my projects, and my research, please visit my website at <https://bahatanoral.com>

Experience
